## WHAT IS AMBER VAULT BACKUP?

Amber Vault backup is a secure and reliable cloud backup solution designed specifically for business. A company's data is its greatest asset, we know the challenges businesses face trying to ensure it remains safe whilst navigating today's world of advanced cyber threats.

Our fully managed solutions can be tailored to your needs and allow you to relax, safe in the knowledge that your data is backed up to one of our UK based Tier 3 data centres and looked after by a skilled team of experts.

Amber Vault is underpinned by the market-leading Veeam backup software.

## WHY CHOOSE US?

- Quality – Not all clouds are created equal! Our platform is built exclusively on enterprise-level HPE hardware so you can be sure your data is in safe hands.
- Approachability – We are passionate about problem-solving and whilst we love talking technical, we also believe in simplicity and will work with you to find the right solution for your business.
- Security – An aspect commonly overlooked when dealing with cloud providers, our platform spans 2 Tier 3 UK based data centres with all data encrypted to military-grade standards.
- Support – Support is where we shine. Our fully managed services come backed by our team of 16 highly skilled engineers.
