We Are Here
To Help...

How can we help you get the most from Microsoft 365?

As a Microsoft Gold Partner and Modern Workplace Solution Provider, we are your go-to experts for maximising the potential of Microsoft 365. From boosting productivity to enhancing collaboration and tightening security, Microsoft 365 offers a suite of cloud-based tools tailored for businesses like yours. Work with us and unlock the full capabilities of Microsoft 365 for your organisation.

- Expert Guidance: We bring unparalleled expertise to the table, ensuring you make the most of Microsoft 365's capabilities.
- Strategic Partnership: We're not just a service provider; we're your strategic ally in driving innovation, collaboration, and efficiency.
- Tailored Solutions: Whether you're just starting your Microsoft 365 journey or looking to optimise your current setup, we tailor solutions to meet your unique needs.
- Transformative Impact: Our mission is to revolutionise the way you work, communicate, and operate, empowering your organisation for success.

iThink Connect Suite

What is it?

Experience the power of engagement with iThink Connect, your ultimate HR solution. Seamlessly integrating with Microsoft platforms, our suite ensures compatibility and efficiency throughout your system.

Empower your teams with effortless access to vital information from new starters to leave entitlements, upcoming birthdays, work anniversaries, and streamlined onboarding and offboarding management.

With iThink Connect, effortlessly showcase key details, and foster a more engaged, connected workforce.

Our Product Suite

iThink Connect Sync

Connecting HR with Microsoft 365

Introducing iThink Connect Sync, the ultimate solution to elevate your HR systems and streamline your employee onboarding and offboarding processes. Seamlessly connecting your HR system (HRIS) with Microsoft 365, iThink Connect Sync synchronises user data, enabling you to manage the entire employee lifecycle from one central location.

With iThink Connect Sync, ensure accuracy and timeliness in your employee records by automatically creating and disabling Microsoft 365 users as they join or leave your organisation. This empowers your HR team to efficiently manage the employee starter and leaver process, reducing IT burdens.

Welcome new starters with ease, providing them with the necessary access and resources to enhance their experience. Safeguard your business with automated tasks and workflows, including creating accounts, assigning licenses, granting access, and sending notifications, all seamlessly handled by iThink Connect Sync.

Cost-effective and user-friendly, iThink Connect Sync transforms your Microsoft 365 environment, ensuring your teams always have access to updated, real time information. Elevate your HR efficiency with iThink Connect Sync today.

iThink Connect Onboarding and Offboarding Solution

Give new employees a warm welcome and leavers a memorable farewell

Elevate your employees onboarding and offboarding experience with our seamlessly integrated solution designed to transform traditional processes. Integrated with Microsoft systems, including Microsoft 365, Azure, and SharePoint Intranet, our platform ensures a smooth transition and efficient management of workflows.

Tailor workflows to your specific needs, automating tasks such as welcome emails, role assignments, device provisioning, and training scheduling. Real-time monitoring and analytics empower data-driven decision-making, while personalised and interactive experiences enhance staff engagement and retention.

Strengthen security and compliance with features like data revocation and device wiping during offboarding, preventing unauthorised access and data breaches. With flexible, competitive pricing, our solution is a win-win, saving you time and resources while improving overall employee experiences.

iThink Connect Work Anniversary for Graph

Celebrate and connect your employees

Introducing our employee work anniversary celebration tool, designed to cultivate unity and recognition within your team. This tool allows you to showcase appreciation for your colleagues' work milestones and effectively plan their annual reviews.

Integrated seamlessly with Microsoft 365, SharePoint Intranet, and Microsoft Teams applications, it displays upcoming work anniversaries and enables you to send congratulatory messages effortlessly. Additionally, it reminds you of your own work anniversary, highlighting the organisation's appreciation and celebration of your contributions.

By utilising this application, you can enjoy numerous benefits, including strengthening relationships and trust among colleagues, fostering a positive and supportive work culture, and increasing engagement and loyalty within the organisation.

iThink Connect Birthday for Graph

Connect and celebrate with your colleagues!

Presenting iThink Connect Birthday, an application designed to promote staff connection and socialisation by celebrating their birthdays. Embedded within your Microsoft 365/SharePoint Intranet, it showcases the birthdays of colleagues who have opted in and sends personalised birthday messages to everyone.

This tool serves as a catalyst for fostering a positive work culture, allowing you to initiate conversations and celebrate with colleagues. It's a simple yet effective way to strengthen bonds and boost morale among your team members.

Part of the iThink Connect product suite, this application enhances your Intranet experience by increasing traffic as people regularly check for upcoming birthdays. Moreover, it's accessible to frontline workers and remote employees via the Microsoft Teams mobile app.

iThink Connect New Starter for Graph

Give your new employees a warm, structured welcome

If you're looking to create a more connected, engaged, and productive culture for your new employees, consider iThink Connect New Starter for Graph. This product is designed to facilitate a warm and helpful welcome for your new team members.

iThink Connect New Starter for Graph introduces the new hires in your organisation, enabling your teams to get to know them and understand their roles. This helps to build connections and foster a sense of belonging and community among your employees.

You can also provide your new starters with a link to your employee onboarding site, where they can access all the relevant information and resources, they need to feel integrated and confident within your organisation.

With iThink Connect New Starter for Graph, you can ensure your new hires feel appreciated, supported, and motivated, ultimately improving their productivity and retention.

iThink Connect Leave

Simplifying leave management

iThink Connect Leave Management application is tailored to streamline and simplify your leave management process. Offering a user-friendly experience for both employees and managers, it empowers your teams with the flexibility to effortlessly submit leave requests anytime, anywhere, catering to the dynamics of hybrid and frontline work environments. Seamlessly integrating with Microsoft Teams and your Intranet, this cost-effective solution ensures secure data handling and efficient digital record-keeping. Managers are kept in the loop through timely notifications and calendar invites, ensuring they stay well-informed about their team's availability. In addition to its collaboration capabilities, iThink Connect Leave eliminates the need for manual record-keeping meaning you can bid farewell to cumbersome spreadsheets and paper systems. Elevate your leave management with iThink Connect Leave, where simplicity meets efficiency.

iThink Connect Team Spotlight

Showcase your people

Are you tired of manually updating your department homepages? With iThink Connect Team Spotlight for SharePoint, you can effortlessly keep your team information up-to-date and accessible for others to see!

This innovative web part uses data from your Microsoft 365 directory and Entra ID to display team member details in a rotating carousel. It's fully configurable, allowing you to tailor it to your specific needs. Now, everyone in your organisation can have the latest contact information and more at their fingertips.

Recently, a customer saved 40 hours on setup and 20 hours annually on maintenance, achieving a 150% ROI per year. This solution not only saves time but also enhances the overall efficiency and perception of your Intranet.
