Seamlessly Connect Your HR System with Microsoft 365

Are you looking to change your employee onboarding and offboarding processes?

Tired of the hassles and inefficiencies that come with traditional methods? We have the perfect solution for you!

iThink Connect Sync is designed to synchronise user data between your HR system (HRIS) and Microsoft 365, enabling you to manage the entire employee lifecycle from one central location. This ensures accuracy and timeliness in your employee records by automatically creating and disabling Microsoft 365 users as they join or leave your organisation.

Reasons to
Switch...

Effortless Integration, Customisable Workflows and Automated Tasks

Connecting HR with Microsoft 365

Effortless Integration with Microsoft Systems

Our solution effortlessly integrates with Microsoft systems, including Office 365, Azure, and SharePoint Intranet. This ensures a seamless transition and allows you to manage onboarding and offboarding workflows with ease and efficiency.

Enhance Efficiency and Reduce IT Burden

Empower your HR team to efficiently manage the employee starter and leaver process, reducing the burden on your IT department. Welcome new starters with ease, providing them with the necessary access and resources to enhance their experience.

Customisable Workflows and Automated Tasks

Safeguard your business with automated tasks and workflows, including creating accounts, assigning licenses, granting access, and sending notifications. All these processes are seamlessly handled by iThink Connect Sync, ensuring your teams always have access to updated, real-time information.

Real Time Monitoring and Analytics as well as Enhanced Staff Engagement and Retention

Real Time Monitoring and Analytics

Track the progress and status of each employee in real-time. Generate comprehensive reports and analytics to measure the impact and effectiveness of your onboarding/offboarding processes, empowering you to make data-driven decisions.

Personalised and Interactive Experiences

Tailor workflows to your specific needs, automating tasks such as welcome emails, role assignments, device provisioning, and training scheduling. Real-time monitoring and analytics empower data-driven decision-making, while personalised and interactive experiences enhance staff engagement and experience.

Connected Workforce, Strengthened Security and Compliance

Enhanced Staff Engagement and Retention

Our solution goes beyond automation. It provides a personal and interactive onboarding/offboarding experience for your employees. Accessible anywhere, employees can view tasks, goals, and feedback, as well as communicate and collaborate with managers, mentors, and peers.

Connected Workforce

iThink Connect Suite fosters unity and recognition, ensuring a connected workforce through personalised onboarding, work anniversary and birthday celebrations, and streamlined leave management.

Strengthened Security and Compliance

Ensure the utmost security and compliance by protecting your data and assets. Easily revoke access and wipe data from devices and software when an employee leaves, preventing unauthorised access and data breaches. Stay compliant with industry standards, avoiding fines and penalties.

Flexible, Competitive Pricing – A Win-Win Solution

Flexible, Competitive Pricing

Our solution understands that every business is unique. iThink Connect Suite offers flexible pricing plans that adapt to the needs of your business. Rates scale with team size, and exclusive discounts are provided as your user count increases making iThink Connect Suite not just powerful but also cost-effective.

A Win-Win Solution

Our solution is a win-win for both you and your employees. It saves you time, money, and resources while improving staff engagement, experiences, and security.
