

CKM3 - Purchase Order Portal

Product Overview:

CKM3 is a cloud-based utility that can be accessed from a web-browser on any device from any location. The Purchase Order Portal is designed to integrate with Pegasus Opera and to provide simple purchase order input to allow orders to be raised to suppliers quickly and securely and posted to the back office software simultaneously. Authorisation routines can be applied in the portal.

Key Functionality:

- ✓ Accessed via a web-browser using a secure https address on the company's web server
- ✓ Links to Opera stock control and job costing if required
- ✓ Only users validated by an administrator can enter and access data for the company
- ✓ Authorisation and approval levels can be set against the values of orders
