AWARD WINNING INTEGRATED PLATFORM

Why WebShop?

An award winning and certified eCommerce platform, WebShop offers both B2B (Business-to-Business) and B2C (Business-to-Consumer) companies scalability to promote and develop their online operations. An out-of-the-box product that processes millions of euro in orders annually. WebShop is the fastest, most reliable and most cost effective way of getting your business online.

- ✓ Two Way Real Time Integration
- ✓ Cost Effective Out-of-the-Box Solution
- ✓ Quick and Easy to Deploy
- ✓ Full Account History, Invoices and Statements
- ✓ Complete Control with Easy to Manage CMS
- ✓ Smartphone and Tablet Ready
- ✓ Flexible and Customisable

Why Integrate?

Whether you are looking to get started in eCommerce or already have an established eCommerce operation, crucial to your long term success will be real time access to stock, pricing and customer accounts. WebShop delivers this real time integration along with a seamless, secure and responsive experience that customers expect.

- ✓ Automate and Streamline Your Business Processes
- ✓ Reduce Running Costs
- ✓ Reduce Duplicate Data Entry
- ✓ Easy Customer Access to Account Data
- ✓ Better Control of Your Business
- ✓ Infrastructure For Future Growth

What our clients say

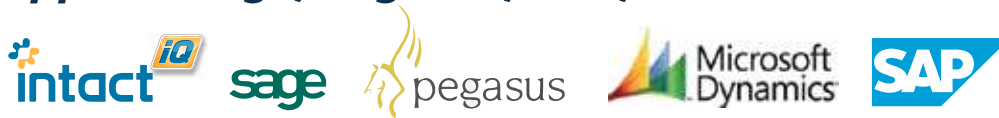

"We have seen WebShop transform our productivity ... there is less time spent on the transferring of data and working between systems."

John Cunningham, Irish Creative Stamping

"We have signed up new trade customers, have gained entry to new global markets and can now reach customers where our field reps could not."

Melanie Mc Donagh, Quality Tractor Parts

Supports Sage, Pegasus, SAP, Navision and more...
