AWARD WINNING INTEGRATED PLATFORM

# SALESREP

MOBILISE YOUR SALES FORCE

## Why SalesRep?

SalesRep app is optimized for speed and designed with the wholesale selling process in mind. You can quickly and conveniently showcase your catalogue with images and descriptions, easily add and remove items to an orderplus submit orders real time to your back office systems. All with a few simple taps.

- ✔ Real Time Integration with Your Accounts System
- ✔ Full Control with Easy Management System
- ✔ Secure and Trusted Platform
- ✔ Quick and Easy to Deploy
- ✔ Reliable Customer Support

## Real Time Integration

SalesRep app, available for both iPad and Android tablets, has all the tools that your sales force requires. The SalesRep App gives you immediate access to up to date products, orders and customer information, ensuring your sales force and back office systems are always in sync.

- ✔ Increase Sales
- ✔ Reduce Costs
- ✔ Better Utilization of Sales Force Time
- ✔ Reduce Duplicate Data Entry
- ✔ Anywhere, Anytime Access to Customer Accounts

## What our customers say...

*"I think it is absolutely brilliant that SalesRep gives you so much information and it is all at your fingertips. Previously we had to generate spreadsheets and files to bring with us to toy fairs in Germany, but now we have all our information on hand"*

John Cunningham, Irish Creative Stamping

*"SalesRep eliminates the need for printed catalogues, duplicating of invoices and rekeying of sales orders. Not only will this app improve the efficiency of our sales process but it will save us a huge amount of time and money."*

Pat O'Brien, Dental Medical Ireland

## Supports Sage, Pegasus, SAP, Navision and more...
